### ANNUAL GIVING 2018 *Working together we can help beat cancer*

The Geelong Region Cancerians is the first regional city in Victoria to form and be affiliated with the Australian Cancer Research Foundation (ACRF).

Funds raised will support research into all cancers including uterine cancer and educate the community regarding the warning signs that can precede a cancer diagnosis.

GRC founder and uterine cancer survivor Phillipa Challis OAM is passionate about the project, citing uterine cancer as being the fifth most common cancer diagnosis for women in Australia.

The vision for the future of GRC also includes the education and dissemination of information about the warning signs of uterine cancer.

If you share our vision, you can help us achieve desired outcomes by donating to our Annual Giving 2018.
